The USD 217 Board of Education met in session, Monday January 8, 2024. BOE members in attendance were: Jason LaRue, Phoebe Brummett, Kim Hull, Nick Link, Reyna Delgado and Troy Cooper. Highlights from the meeting include:

**New BOE members:** Reyna Delgado and Nick Link were welcomed and sworn in as new BOE members. Please welcome them to the BOE if you see them.

**Staff:** Wes Hargreaves accepted the position of head maintenance/grounds. He will be moving into the district and accepted the BOE terms of being in the district in or around Spring Break.

**Facilities/New Business:** From the insurance claim back in July 2023 on all the roofs in the district, I met with AquaShield Roofing they have all of the required documentation to go through the properties and see where they are at compared to EMC. Six of the rental houses have defective shingles from Tamko. The warranty claims have been turned into Tamko and packets have been received. The 2021 GMC Yukon XL approved from the RFQ in December has been delivered and received. The school zone sign has been delivered and is awaiting Mr. Greene to install it. The main sewer line leading out of the JH locker room bathrooms continues to give us issues. The BOE approved Hazen Plumbing to do the line investigation to see if it is a collapsed line or an elbow that has come disconnected. This will be completed when the weather warms up.

**New Business:** The BOE approved the policy updates as recommended by KASB. Lena will get these updates added to the policy books if you would like to see them. Bank signature cards were updated with new BOE members. Bus and vehicle information was provided to BOE members. S-0 has began to have some problems. The tire repair persons urged the car to be looked at and do not feel it is safe to drive long distances. After investigating this farther, it was found the car was wrecked before USD 217 had purchased it and has had issues ever since purchasing time. The BOE approved an RFQ to be sent out for \$25k before trade in.
