Please answer the following questions with Never, Sometimes, Often, or Almost Always. Circle the number in the column **that you agree with**. For example, if you feel you never argue with others, circle the "3" in the never column. If you feel you get along with your peers almost always, you will need to circle the "3" in the almost always column. All screener answers are anonymous. PAY ATTENTION TO THE COLUMN!!!

Teachers,

Please administer this mySAEBRS screener either Thursday, December 15th or Friday, December 16th. Please make sure I receive all copies back so I can calculate the information. I will share results with you at the January 13th PDC day. We will use this data to decide our SEL goal.

Make sure to explain to students all papers are anonymous and we will be using this data as a whole to help us drive our activities and lessons in our classrooms. Make sure to also explain the column is the important part for them to pay attention to and not the number they are circling. I can go in and calculate the scores at a later time, they just need to rate themselves according to the Never, Sometimes, Often, or Almost Always columns. This should take only 5 minutes. Please communicate with me if you have students that were not able to complete this screener before break. I will need to collect these before Friday at noon! Thank you for your help and most of all, helping the students. Have a great Christmas!
